F.O.B. TERMS:

All prices are F.O.B. point of shipment. Title of goods shall pass to the buyer upon delivery of the shipment to the carrier.

LOSS OR DAMAGE CLAIMS:

All goods are shipped at buyer's risk. Shipments should be carefully examined upon delivery and before the carrier's delivery receipt is signed. If any loss or damage is evident, the buyer should make an appropriate notation on the delivery receipt and insist that the carrier's driver initial such exception. The contents of all packages should be carefully examined for concealed damage as soon as possible after delivery, so that the carrier can be requested, within 48 hours after delivery, to arrange for prompt inspection of the damaged goods.

FREIGHT TERMS:

Shipments weighing 2,500 pounds or more will be forwarded prepaid to any point in the United States (except Alaska and Hawaii).

Shipments weighing less than 2,500 pounds will be shipped prepaid. The buyer will be invoiced for freight costs at the applicable published class, exception or commodity rate(s), or charge(s).

Anvil reserves the right to select the carrier for all shipments.

NOTE:

Prices apply **only to Standard Sizes** as listed in catalogs.

Non-standard sizes produced to order only – prices on application. Sale is final not subject to cancellation, except upon agreement to make payment for work performed.

NOTE:

On orders received for cartoned items in less than "carton (not container) quantities," we reserve the right to adjust to the next carton quantity above the number of pieces shown on the order.

NOTE:

All orders are accepted on the basis or prices in effect at the time of shipment.

NOTE:

To the prices and terms quoted, there will be added any Manufacturers or Sales Tax payable on the transaction under any effective statute.

UPC numbers and SPIN commodity identification numbers are available upon request.

Please contact your local ANVIL representative.

TERMS AND CONDITIONS

1. CONTROLLING PROVISIONS:

These terms and conditions shall control with respect to any purchase order or sale of Seller's products. No waiver, alteration or modification of these terms and conditions whether on Buyer's purchase order or otherwise shall be valid unless the waiver, alteration or modification is specifically accepted in writing and signed by an authorized representative of Seller.

2. DELIVERY:

Seller will make every effort to complete delivery of products as indicated on Seller's acceptance of an order, but Seller assumes no responsibility or liability, and will accept no backcharge, for loss or damage due to delay or inability to deliver caused by acts of God, war, labor difficulties, accident, delays of carriers, by contractors or suppliers, inability to obtain materials, shortages of fuel and energy, or any other causes of any kind whatever beyond the control of Seller. Seller may terminate any contract of sale of its products without liability of any nature, by written notice to Buyer, in the event that the delay in delivery or performance resulting from any of the aforesaid causes shall continue for a period of sixty (60) days. Under no circumstances shall Seller be liable for any special or consequential damages or for loss, damage, or expense (whether or not based on negligence) directly or indirectly arising from delays or failure to give notice of delay.

3. WARRANTY:

Seller warrants for one year from the date of shipment Seller's manufactured products to the extent that Seller will replace those having defects in material or workmanship when used for the purpose and in the manner which Seller recommends. If Seller examination shall disclose to its satisfaction that the products are defective, and an adjustment is required, the amount of such adjustment shall not exceed the net sales price of the defective products only and no allowance will be made for labor or expense of repairing or replacing defective products or workmanship of damage resulting from the same. Seller warrants the products which it sells of other manufacturers to the extent of the warranties of their respective makers. Where engineering design or fabrication work is supplied. Buyer's acceptance of Seller's design or of delivery of work shall relieve Seller of all further obligation, other than expressed in Seller's product warranty. THIS IS SELLER'S SOLE WARRANTY. SELLER MAKES NO OTHER WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FOR A PARTICULAR PURPOSE WHICH EXCEED SELLER'S AFORESTATED OBLIGATION ARE HEREBY DISCLAIMED BY SELLER AND EXCLUDED FROM THIS WARRANTY. Seller neither assumes, nor authorizes any person to assume for it, any other obligation in connection with the sale of its engineering designs or products. This warranty shall not apply to any products or parts of products which (a) have been repaired or altered outside of Seller's factory, in any manner; (b) have been subjected to misuse, negligence or accidents; (c) have been used in a manner contrary to Seller's instructions or recommendations. Seller shall not be responsible for design errors due to inaccurate or incomplete information supplied by Buyer or its representatives.

4. SELLER'S LIABILITY:

Seller will not be liable for any loss, damage, cost of repairs, incidental or consequential damages of any kind, whether based upon warranty (except for the obligation accepted by Seller under "Warranty" above), contract or negligence, arising in connection with the design, manufacture, sale, use or repair of the products or of the engineering designs supplied to Buyer.

5. RETURNS:

Seller cannot accept return of any products unless its written permission has been first obtained, in which case same will be credited subject to the following (a) All material returned must, on its arrival at Seller's Plant, be found to be in first-class condition; if not, cost of putting in saleable condition will be deducted from credit memoranda; (b) A handling charge deduction of twenty percent (20%) will be made from all credit memoranda issued for material returned; (c) Transportation charges, if not prepaid will be deducted from credit memoranda.

6. SHIPMENTS:

All products sent out will be carefully examined, counted and packed. The cost of any special packing or special handling caused by Buyer's requirements or requests shall be added to the amount of the order. No claim for shortages will be allowed unless made in writing within ten (10) days of receipt of a shipment.

Claims for products damaged or lost in transit should be made on the carrier, as Seller's responsibility ceases, and title passes, on delivery to the carrier.

7. SPECIAL PRODUCTS:

Orders covering special or nonstandard products are not subject to cancellation except on such terms as Seller may specify on application.

8. PRICES AND DESIGNS:

Prices and designs are subject to change without notice. All prices are F.O.B. Point of shipment, unless otherwise stated.

9. TAXES:

The amount of any sales, excise or other taxes, if any, applicable to the products covered by this order, shall be paid by Buyer unless Buyer provides Seller with an exemption certificate acceptance to the taxing authorities.

10. NUCLEAR PLANTS:

Where the products, engineering design or fabrication is for nuclear plant applications. Buyer agrees (a) to take all necessary steps to add Seller as an insured under the American Nuclear Insurers' (ANI) pool and under the Mutual Atomic Energy Reinsurance Pool (MAERP) for property damage and liability insurance and if necessary steps could have been taken, but are not taken, Buyer shall hold Seller harmless against all such losses which could have been thus covered (b) Buyer agrees to hold Seller harmless with respect to any personal injury (or death), property damage or other loss in a nuclear incident which is caused directly or indirectly by defective design, material, workmanship furnished by Seller (or which could be so covered but with respect to which Buyer has elected to self-insure), and further agrees to waive subrogation by its carriers of such insurance against Seller, and (c) as to nuclear hazards for which Buyer cannot obtain insurance coverage, the liability of Seller for any personal injury (or death), property damage or other loss directly caused by defective design, material, or workmanship furnished by Seller shall not exceed the value at the time of the loss occurrence.

11. MINIMUM INVOICE:

Domestic: \$100 plus transportation.
International: \$500 plus transportation.

12. TERMS:

Cash, net 30 days unless otherwise specified.

NOTE: All orders are accepted on the basis of prices in effect at the time of shipment.

NOTICE: The prices and terms quoted, there will be added any manufacturers or sales tax payable on the transaction under any effective statute.

FREIGHT ALLOWANCE: All prices are F.O.B. point of shipment. On shipments weighing 2,500 pounds or more, rail freight or motor freight at the lowest published rate, is allowed to all continental U.S. rail points or all U.S. highway points listed in published tariffs (Alaska and Hawaii excluded). In no case will more than actual freight be allowed. Shipments (weighing less than 2,500 pounds) will be shipped prepaid. The buyer will be invoiced for freight costs at the applicable published class, exception or commodity rate(s) or charge(s). Anvil reserves the right to select the carrier for all shipments.

SWAGE NIPPLES, BULL PLUGS, OIL COUNTRY FITTINGS, COUPLINGS, STAINLESS SWAGES.

MANUFACTURING SPECIFICATION

J.B. Smith Mfg., manufactures swage nipples and bull plugs in accordance with A234 and MSS-SP-95, from A-106 Grade B seamless pipe and A-1000 series, low to medium carbon, fine grain, cold drawn bar stock, and heat treated to these specifications. The chemical and physical properties of the raw material fall within the ranges listed below.

TRACEABILITY

All raw material purchased by J.B. Smith Mfg., is fully traceable to the mill source. A three digit letter code appears on all Smith products made since the institution of this program. As a result, mill test reports are now available at any time on products so coded. See **EXTRAS** for MTR charges.

PRESSURE RATINGS

Due to the wide variation in service conditions, temperature, vibrations, etc., J.B. Smith Mfg. can make no recommendations as to allowable working pressure of swage nipples and bull plugs. There are a number of working pressure formulas from which the end user may choose to determine the required wall thickness of the piping system. It is our responsibility only to furnish a fitting with end dimensions equal to those of the pipe size and schedule ordered.

MATERIAL CERTIFICATION – CARBON STEEL

J.B. Smith Mfg., certifies that the material used to manufacture line pipe sizes of swage nipples and bull plugs has been processed and heat treated to comply with all requirements of ASTM A234-90a and the chemical and physical properties of the raw material fall within the ranges listed below.

ASTM SPEC.	MARKING SYMBOL	COMPOSITION					MINIMUM		MAX HBn
		C	Mn	P	Su	Si	Tensile	Yield	
A234	WPB s9 ^A	.30 MAX	0.29-1.06	.050 MAX	.058 MAX	.10 MIN	60,000 PSI	35,000 PSI	197

MARKING

All J.B. Smith Mfg., fittings are permanently marked as follows:

Manufacturer's Symbol -

Material Specification - WPB S9 (Line Pipe Sizes)
J-55, N80, 4140, etc. (Oil Country Sizes)

Raw Material Code - Each part is die stamped with a three letter code identifying the raw material type, details of purchase and steel mill test report.

Heat Treatment - When marked WPB S9, an acceptable heat treatment is understood to have been performed.

All oil country sizes formed from pipe have been normalized but are unmarked to avoid confusion with the symbol N-80. Fittings cold or hot formed from pipe bear an additional two letter code indicating the hour and day the part received final heat treatment.

Label information - Size and Wall Thickness.

THREADING

Line pipe, tubing and casing are in conformance with API 5B.

COATINGS

Zinc Electroplate – ASTM, A164
Type RS
Paint (Beveled Ends)

WELD BEVELS

Weld Bevels are machined as per ANSI- B-16.9

**EXTRA'S
SWAGE NIPPLES & BULL PLUGS**

ALL ECCENTRICS See page 9 for List Prices

TAPPED BULL PLUGS

- 2" and smallerAdd to List \$11.71
- 2½" thru 4½" Add to List \$18.94
- 5" O.D. thru 10¾" O.D. Add to List \$36.21

SPECIAL LENGTHS OF SWAGES AND BULL PLUGS

- Shorter than regular, or
- 50% longer than regular..... Add 40% to List price
- 51% to 75% longer than regular Add 55% to List price
- 76% to 100% longer than regular Add 80% to List price
- Over 100% longer than regular length, add 10% for each additional 2" or fraction thereof

SQUARE CUT OR PLAIN ENDS

The description "Plain End" or "PE" must be clarified to determine if square cut or beveled ends are required. All Swage Nipples and Bull Plugs with square cut ends specified, must be re-sized, square cut and fitted into socketweld fitting gauges to ensure a proper fit and installation. For this added service, the following price extras apply for Carbon Steel only:

Large End Sizes

- 1½" and smaller List plus 30%
- 2" and larger..... List plus 20%

GROOVED ENDSOne end +5%; Two ends +10%

COMBINATION ENDS

Swage Nipples with different schedule or wall thickness on each end, use price of heaviest wall plus 50%.

FEMALE SWAGE NIPPLES

Price on application.

*THESE SIZES NOT MADE IN STANDARD WEIGHT
Prices shown are for API line pipe threaded ends, beveled ends or any combination thereof.
(For square and grooved ends, see "Extras" on page 6)
See page 3 for certification of raw material and marking.
Other price "Extras" on page 6.
All Eccentrics - See page 9 for calculated list.
Select sizes of 1" and smaller swages in EX and 160 weights available in A106 POA.

All sizes on this page have been processed in a manner strictly conforming to the requirements of ASTM A234, from material fully meeting all requirements of that specification. The correct marking for swage nipples to denote conformance with this specification is "WPB S-9". All sizes 1" and smaller will be made from hex bar stock. Most sizes 1 1/4" and larger will be made from pipe and where pipe is not a practical raw material, round bar stock will be used. No sacrifice of properties will result from such practice.
