Pricing will be updated automatically in the Anvil International Canada billing system on the effective date of January 5, 2009. Orders placed prior to this date will be billed at our current price level. New price sheets will be available on the Anvil Canada website, www.anvilintl.ca on or before December 19. Please contact your Anvil Sales representatives with any questions that you may have.

Please keep in mind that other increases are expected as raw material pricing continues to rise. We will keep everyone informed as we receive more information from our steel suppliers.

Thank you for your continued support.
