April 6, 2010

Valued Anvil Customers,

We are all experiencing a difficult economy and Anvil International is doing its best to curb price increases by continuing LEAN initiatives at our plants. Due to continued steel and scrap increases, we find it necessary to increase prices on our Gruvlok and SPF grooved product lines.

Effective May 10, 2010, prices will increase on an average of 6.5% for most items but there will be varied percentage changes to other product categories depending on the commodity for all orders placed after Friday, May 7, 2010.

Prices will be updated automatically in the Anvil International billing system on the effective date of May 10, 2010. New list price sheets will be available on the Anvil website, www.anvilintl.com, at that time. Please contact your Anvil representative with any questions.

Thank you for your continued business.

Dean Taylor
Vice President, Sales & Marketing
