CERTIFICATE OF COMPLIANCE

This is to certify the following:

Beck Manufacturing's Standard Welded Nipples are manufactured to the latest ASTM A733 Specification for Steel Pipe Nipples, from material meeting the latest requirements of the ASTM A53 Specification for continuous welded pipe.

Beck Manufacturing's Seamless Pipe Nipples for High -Temperature Service are manufactured to the latest ASTM A733 Specification for Steel Pipe Nipples, from material that is in full compliance with the latest ASME SA-106/ASTM A106. These materials also meet all of the latest requirements of the ASME SA53/ASTM A53 Specification.

Beck Manufacturing's Seamless Pipe Nipples for Low -Temperature Service are manufactured to the latest ASTM A733 Specification for Steel Pipe Nipples, from material that is in full compliance with the latest ASTM A333 Specifications. These materials also meet all of the latest requirements of the ASTM A999 Specification.

The threads for both Welded and Seamless Nipples are produced and inspected in compliance with the latest ANSI/ASME B1.20.1 Specification for General Purpose Taper Pipe Threads, NPT.

All of our Seamless Nipples are manufactured from new, mill tested pipe, and will be marked with the Beck Trademark  or Anvil  Trademark and other applicable information, for identification purposes.

All of our Seamless Nipples are made from material that conforms to NACE MR0175.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dale E. Thompson".
