

Special Clamp
Fig. 432

Description

Size Range
2" through 24"

Material
Carbon steel

Finish
Plain
Hot-Dip Galvanized with Zinc
Plated Bolts and Nuts

Maximum Temperature
Plain 750° F, Galvanized 450° F for carbon steel pipe only.

Service
Used with and where pipe slides cannot be welded directly to pipe or copper tube. When used with fiberglass, plastic, or aluminum pipe, a thin protective liner should be inserted between the pipe and the clamp. Clamp is designed for use with Figure 257 and Figures 436 and 439 slides and tees.

Ordering
Specify figure number, pipe size, name and finish.
